

11 April 1972

MEMORANDUM FOR: Acting Director of Logistics

SUBJECT : Headquarters Master Plan

One of the items which Mr. Hromanik said he would like to have presented to the National Capital Planning Commission (NCPC) was the number of parking spaces, existing and proposed, at the Headquarters campus. Discussions revealed that the generally used planning figure [redacted]

[redacted] therefore, it would be a simple thing for the NCPC and anyone else having access to this information to arrive at the number of people on board simply by multiplying the number of parking spaces by [redacted]

You will recall that the Commission asked Mr. Coffey if we had less than [redacted] at Headquarters, and the reply given by Mr. Coffey was yes. This is all NCPC knows about our personnel strength.

We will not indicate the number of parking spaces on any master plan document going to NCPC unless approved by you.

[redacted]
